

Dear Sirs:

It has been brought to my attention that my favorite radio station, K-LOVE 88.7, and area stations at 89.7 and 98.3, are at risk of being displaced by LPFM broadcasts. This K-LOVE station plays music that is good for all family members of any age, contains important news updates, as well as community service announcements. Our community will severely miss this station if removed, as many people do not choose to listen to the negative and sometimes crude stations carrying music and talk radio. I believe this station provides the best programming of any radio station, and that it fills an important gap in the type of radio programming available to the public. Thank you for this opportunity to give my comments.

Sincerely, Jeannie Eudy
